

## TO CUT OBSOLETE WORDS FROM BIBLE

Conference of Clergymen Arrange to Issue Revised Edition.

"CONDEMN" FOR "DAMN"

EDITION TO BE PRINTED IN ENGLAND NEXT YEAR.

New York, July 14.—The conference of clergymen and editors for the purpose of arranging a tercentenary edition of the English authorized version of the Bible, which conference has been in session at Princeton, N. J., for the last ten days, has adjourned, and the remainder of the work will be done by the subcommittee.

The object of the work is to bring out a new edition of the King James version, correcting obsolete words, etc. The chief changes to be made were summed up briefly for the American yesterday as follows:

First—Where a text is misleading it will be changed, as an instance in point: The word "damnation" in First Corinthians, xi, 29, may be changed to "condemnation."

Second—Where the authorized version has an obsolete rendering of a passage sufficiently clear in the Hebrew or Greek text, it will be changed. Third—Also where the authorized version is infelicitous in the choice of English words, even if not actually misleading.

Fourth—Words absolutely obsolete will be dropped for words now within the usage of good writers. The point was discussed that "hail" is still good English and while not so common, is more dignified than "hump." The word "let" or "hinder" was considered obsolete.

English to Print Edition. It is understood that the modern usage will be followed thoroughly in the use of pronouns, and generally, where an authorized version renders a wholly consistent with good present-day custom. It is planned to have this new edition printed in England in May, 1911.

890 years after the printing of the first edition of the Bible.

While the committee proper has adjourned, two committees, each consisting of three persons, one on the New and one on the Old Testament, will continue their sessions throughout the summer at Asbury Park.

Discussed Bible Revision.

It was learned last night that at the session of the larger committee there had been considerable agitation for a revision of the Bible.

Professor Robert Dick Wilson said that the committee would do no revising, as those who desired the Bible revised had been defeated, but that there would be an adherence to conservative lines, merely replacing old English words whose meanings have gradually changed with modern words more clearly expressing the intended meaning.

## CHINESE PIRATES SLAIN

Portuguese Gunboat Patria Bombarded the Yellow Robbers in the Fort on Colowian Island.

Hongkong, July 14.—The guns of the Portuguese gunboat Patria today dislodged the Chinese from the fort on Colowian island. Many of the Chinese were killed.

Two junks loaded with Chinese who were attempting to escape were sunk, and all of their occupants were drowned. The Chinese gunboats stationed here watched the operations.

Trouble between the Portuguese and Chinese on Colowian island grew out of an attempt of a force of Portuguese soldiers to rescue several Chinese students who were held captive by pirates on the island. The pirates showed fight and were re-enforced by natives from the Chinese villages of the interior. The resistance was so effective that the governor of Macao sent a gunboat to bombard the pirate villages and forts.

## HARDWARE MEN FOES OF THE PARCELS POST

Denver, Colo., July 14.—With the selection of Little Rock, Ark., as the next meeting place and the election of officers, the convention of the National Retail Hardware association concluded its convention today. H. L. McNamara of Janesville, Wis., was chosen president and M. L. Covey of Argos, Ind., was re-elected secretary. The subject unanimously adopted, characterized such a system as destructive to proper competitive trade.

## PRESIDENT TAFT TO REVIEW WARSHIPS

Fifteen of the Big Naval Vessels to Assemble at Provincetown, Mass.

Beverly, Mass., July 14.—President Taft will have his first view of the Atlantic battleship fleet as commander-in-chief of the navy of the United States on August 15 off Provincetown, Mass. Fifteen warships will be there and the President will review them from the bridge of the yacht Mayflower.

Mr. Taft is to deliver an address at the dedication of the pilgrim monument at Provincetown, the cornerstone of which was laid three years ago by Theodore Roosevelt. The battleships will be assembled in honor of the occasion. There will be a land parade of sailors and marines and probably several regiments of soldiers.

Further details of the President's cruise to Maine waters, beginning next Monday, were announced today. The presidential yacht will be at Eastport the afternoon and evening of July 19. On the 20th, the Mayflower will drop anchor at Bar Harbor and the President will remain there until the afternoon of the 23d, when he will sail for Ellsworth, Me., where he will be the guest of Senator Hale of Maine. The next day the President will go to Bangor and will cruise in and around Casco bay until the 27th, when Mrs. Taft's sister, Mrs. Lewis T. Moore, will leave the party. There will also be a stop at York Harbor, where the President will be reached the afternoon of the 28th.

## PAPERS FINALLY ISSUED

Customs Officials at Mobile, Ala., Refused to Clear Norwegian Steamer Bound for Nicaragua.

Mobile, Ala., July 14.—Customs officials here today refused clearance papers to the Norwegian steamer Ustein, that is ready to sail for Bluefields, Nicaragua. It is alleged she has carried rifles on board.

It was brought to the attention of the local customs officials today that 90 boxes of cartridges said to be destined to the Madriz faction in Nicaragua had been loaded on the Ustein. These cartridges were shipped by rail to Mobile from New Orleans, and were in charge of D. Abadi, said to be a representative of General Madriz.

Washington, July 14.—Acting Secretary Cable of the department of commerce and labor today decided that the facts presented to him did not warrant the withholding of clearance papers to the Norwegian steamer Ustein, now at Mobile, and destined for Bluefields, with munitions of war. Collector of Customs Ashley at Mobile had refused such papers, and the case was referred to Washington.

The case is similar to that of the Venus, to which the collector of customs at New Orleans recently refused clearance papers because she had munitions of war aboard, the principal exception being that her stores were plainly billed to the Madriz forces in Nicaragua.

## WILL EXTRADITE ALLEGED BUCKET SHOP OWNERS

New York, July 14.—The government won an important victory today in its fight to bring to trial alleged bucket shop operators now under indictment in Washington, when Judge Hand of the United States court signed warrants for the extradition of five of the accused.

They are Edward S. Boggs, Richard E. Preusser, Leo Mayer, Robert L. Guy and Oliver J. Robinson, members of the firm of Edw. S. Boggs & Co., with offices in this city.

All were placed under \$5,000 bonds each to appear for trial in Washington, October 1.

## BOUNDARY CONFERENCE ADJOURNS FOR WEEK

Washington, July 14.—The conference at the state department over the Peru-Ecuador boundary dispute, in which the United States, Argentina and Brazil are endeavoring to bring the disputants together on a peaceful basis pending arbitration, adjourned today. The conference was suspended temporarily after today's meeting. This was to permit consultation by cable between Peru and Ecuador and their representatives here concerning the representations so far made. The conference probably will be resumed in a week or so.

## NO "SAFE AND SANE" CELEBRATION FOR FRENCH

New Orleans, July 14.—A quiet Fourth of July found a marked contrast here today in the celebration by the French colony of the fall of the Bastille. The city's colored flag and streamers bedecked the principal streets, bands sounding the Marseillaise and a long parade, and a festival in one of the local parks was scheduled to end the festivities.

## TALL WIRELESS TOWERS.

Government Will Construct Stations About 500 Feet High.

Washington, July 14.—Instead of building a gigantic wireless telegraph tower in Washington, higher than the Washington monument, the navy department has decided to construct two towers between 400 and 500 feet high on the highest available point in the District of Columbia.

The purpose of the towers will be to afford the navy department the best opportunity possible for communication with ships far out at sea and with land stations far removed. Recent tests led to the belief that communication with ships in the day time 1,500 miles away, and at night 5,000 miles distant will be possible.

## TEN YEARS FOR BANKER.

Pittsburg, Pa., July 14.—Ernest W. Bowman, former assistant cashier of the Citizens' National bank of Topeka, was sentenced to serve ten years in the Western penitentiary by Judge James S. Young in the United States district court here today. In May, 1908, Bowman pleaded guilty of misappropriating the bank's funds.

## DENVER'S HOTTEST DAY.

Denver, Colo., July 14.—Today was the hottest of the year in Denver, the government thermometer registering 96 degrees.

## RENOMINATE CONGRESSMAN.

Muncie, Ind., July 14.—The Democrats of the Eighth congressional district renominated John M. M. Adair for Congress.

## COMING TO THE POINT.

Doctor (politely, but looking at his watch with visible impatience)—Pardon me, madam, but my time is not my own. You have given me all your symptoms in sufficient detail, and now, perhaps, you will kindly—er—ah—Husband (not so considerate)—Maria, he doesn't want to hear your tongue any more; he wants to look at it.—Stray Stories

## UNCLE SAM TO EXTEND EDICT OF PROHIBITION

Ceded Lands in Minnesota to Be Dry So That Indians Cannot Get Their "Firewater."

Washington, July 14.—Prohibition will be extended by the national government on ceded lands in Minnesota. The bureau of Indian affairs has decided to enforce its anti-liquor regulations on a larger area of those lands than previously has been attempted.

This action was taken by the Indian bureau in order to protect the red men against whiskey and also to enforce the treaties by which the lands were ceded. These conventions prohibit the introduction of intoxicating liquors in the whole northern part of the state, except by consent of Congress or the President and if carried out strictly, it is said, would embrace even Minneapolis and Duluth.

There is not present likelihood, however, of the Indian bureau invading these two cities with its temperance crusade.

## DISMISSED FROM NAVY

Assistant Paymaster Lawrence Hughey Technically Guilty of Embezzlement.

Washington, July 14.—Assistant Paymaster Lawrence Hughey of Indiana, attached to the Castine of the Atlantic torpedo fleet, was today dismissed from the navy on charge of embezzlement.

In the absence of Hughey from the ship on account of illness the safe was opened and \$3,500 was found to be missing. Hughey was court-martialed and found guilty of culpable inefficiency, but not guilty of embezzlement. A recommendation was made that he be reduced ten numbers.

The attorney general subsequently rendered an opinion that in view of the affirmative finding of the court-martial Hughey was technically guilty of embezzlement. The case was returned to the court and the finding, entered together with a recommendation for mercy. Subsequently investigation by Acting Secretary Winthrop led to the dismissal. Hughey, on the day his trial began, made good the money which had been taken.

## A Fool Trick.

When a man puts new rafters in the roof of his house thinking thereby to strengthen the foundation, he does a fool trick. It is just as foolish to take other remedies when a person needs Sexine Pills. When you need a tonic-builder, there is no use taking anything else; for Sexine Pills do it in half the time, and do it twice as well. Price \$1 a box, six boxes \$5. Absolutely guaranteed. Address or call Schramm-Johnson Drug Co., 5 stores, where the cars stop, where they sell all the principal remedies and do not substitute.

The want ads can serve you only if you USE them.

## GREEK HELD UP BY PAIR OF MASKED THUGS

Two masked men held up and robbed Tom Balsis, a Greek, of \$20, on Fourth West street, between Third and Fourth streets, this morning. A good description was obtained of the highwaymen. The description of the men tallies with that which has been given of footpads who have been so busy recently.

## DON'T PUT OFF THE DAY OF CURE

BY A MISTAKEN TREATMENT FOR STOMACH TROUBLE.

You May Further Weaken the Digestive Organs When It Is Necessary to Tone Them Up.

Are you making the mistake of so many sufferers from stomach trouble by using predigested foods, digestive ferments and stimulating medicines in your efforts to get relief from your trouble? If so this explains why you are still suffering.

In the beginning the various forms of stomach trouble are almost without exception caused directly by a general lowering of the vitality of the body, either because of overwork, indiscretions in living or sickness. In any event impoverished blood and weak nerves result and the loss of appetite, gas on the stomach, dizziness and other symptoms which follow are only some of the warning signs that the blood and nerves are failing to give the stomach sufficient strength for its work.

To treat such a condition as this with stimulating medicines, which only force the stomach to work beyond its strength, or with predigested foods and medicines, which require no work on the part of the stomach, not merely puts off the day for a cure but further increases the weakness of the stomach.

Dr. Williams' Pink Pills are the most direct cure for stomach trouble because they are a certain blood builder. Pure blood makes healthy nerves and strengthens the entire body. The weak stomach gets plenty of healthy blood and nervous energy, and perfect digestion follows.

Mrs. E. S. Reynolds, of Paris, Mo., says:

"A few years ago I began to have trouble with my stomach. It followed a severe attack of the grip and lasted for over two years. My stomach was so weak that I always had to be careful what I ate. Otherwise my stomach would distress me greatly. I had palpitation of the heart with shortness of breath. I had dizzy spells and was a great sufferer from chronic constipation.

"I tried many remedies but received no benefit and began to doubt if I ever would get relief. I read about the case of a woman at St. Joseph who was cured by Dr. Williams' Pink Pills and started using them. In a very short time I noticed an improvement. I took the pills for several days and was cured."

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams' Medicine Company, Schenectady, N. Y.

# The Paris

WE CLOSE SATURDAYS AT 1 P. M.

## Therefore Friday will be THE BIG SHOPPING DAY

A Great Many Special Bargains will be Featured During the last day and a half of the Big July Clearance every department of the Big Ready-to-Wear Garment House will be represented.

We guarantee every article.

Outfitters of Men, Women and Children.

## Polite Society

Might object to coal as a July topic of conversation, but nevertheless people who have to make every dollar count are interested in knowing that the storage rate is now in effect and that in consequence they can save twenty-five cents on every ton they will need for the winter by buying "That Good Coal" now.

## Bamberger Coal Co.

Four Yards—Both Phones. Our booklet on coal prices will interest you. Ask for it.

## Soren Hanson

Of Hyrum, Utah, took a trip to the Pacific coast and Honolulu, and had a good time. Before he left he placed with us an old-fashioned check for collection. We gave him the money the other day, and he can now take another trip. \$200.00 or \$300.00 does not amount to very much to some people, but it helps a little on a summer vacation.

While you think of it you had better turn in some claims and let us cash them for you. We discover the red streaks of honesty in everybody.

We have 12 rooms, but so we will know which paper brings best results, address us No. 82 Commercial block, Salt Lake City, Utah.

## Merchants' Protective Ass'n

Scientific Collectors of Honest Debts. Rooms 77-78-79-80-81-82-83-84-85-86-87-88-89-90 Commercial Block, Salt Lake City. Francis G. Luke, General Manager. "Some People Don't Like Us."
